

3- Encourage Someone to achieve a target

I have known from our mutual friend "Thomas" of the craving you experience to get your most appreciate desire to succeed in auditioning for the lead role in "Tivoli play in Barcelona".

I would like on these lines to remind you the effort and will you have put into getting it. Your dedication, effort of days without giving up, must culminate with the first prize you have been looking for working it with dedication and enthusiasm.

Cheer up friend, there is little to go before you reach your dream goal.
