

To congratulate someone for some event or success.

Dear Friend,

I congratulate you very sincerely for what you have achieved (end of career / professional success / sports success) which has been, above all, an achievement of your tenacity, great worth and constant sacrifice. Keep it up, this is just a step in your bright future.

I want to see you to hug / kiss you and personally convey my desire for constant success for all your projects and ideals.

With this happy motivation, receive an effusive hug from me.
